Faxed referral received from CFH A&E Dr Smith Reported SC was under police arrest (for crime related offence) and four police officers brought him to CFH A&E due to effects of LSD he took over the weekend. He had about 2 x paper LSD last Saturday and? 5mcg liquid LSD on Sunday, also had about 1 bottle of rum yesterday. Had been partying over the weekend at a festival. Was under care of medics (? had first aid) at the festival. Was agitated on arrival, but calm down later? hallucinating, seeing different colors. No other risk or symptoms identified. Dr Smith reported that these LSD effects might last for about 48hours. Referral triaged and advised that he did not need an emergency mental health assessment at present. Advised for him to see his GP. Likely would be arrested by police.

**Si Note:**

1

This is when the police came to my home / front door to arrest me. I explained that I had gotten drunk the nights and days before at an event on acholic drink and it had made me ill by causing me to hallucinate. I said to the attending police officers that I had been lying down since contemplating on calling an ambulance until they had arrived at my home address and this happened soon after they told me that I was getting arrested for an Armed Robbery. I went to the hospital with the police simply because I believed I had been spiked.
